**Ken Timsit**  · 1er

Hiring ! Cronos chain | Particle B ecosystem accelerator | Decentralized finance and blockchain gaming. Ex- ConsenSys, BCG

Le 8 mars 2019, Ken occupait une fonction plus élevée que Jérémie, mais n'était pas le manager direct de Jérémie

 Tous les membres de LinkedIn

I have worked with Jeremie for more than a year now -- Jeremie is a core member of our EU Blockchain Observatory & Forum team, an initiative launched by the European Commission to identify ways to accelerate the development of the blockchain ecosystem in Europe. Jeremie's responsibilities include community management, report and newsletter drafting, social media management, and organization of events and workshops. Jeremie performs well above expectations and demonstrates rigorous project management, robust domain expertise in the field of blockchain and technology, strong oral and written communication skills, high levels of creativity and initiative taking, and attention to detail. I would work with Jeremie again.

**Taylor West** · 1er

Chief Strategy Officer at ソラミツ Soramitsu | Blockchain Payments, CBDC, & Identity For Govts, Banks & Public Sector

Le 6 novembre 2020, Taylor était le manager direct de Jérémie

 Tous les membres de LinkedIn

Having worked with Jeremie for over a year I can confidently say he's a hard-working team player who would make a great addition to anyone's roster. He routinely volunteered to take tasks that were outside of his wheelhouse, even if he had to find new knowledge or learn new skills to complete them. On more than one occasion I assigned him big projects that were outside of his comfort zone, and he not only accepted them with a smile on his face, but also delivered admirable results. He has great communication skills, both written and verbal. He also has a very solid passion and understanding of the crypto and blockchain spaces, so I wouldn't hesitate to put him in a community-facing role. He's a great guy, and I'm happy I've had the opportunity to work with him.
